

A photograph of three children in a play area. A young girl in a yellow shirt is using a red toy stethoscope on a boy in a striped shirt. Another child is visible in the background. The scene is brightly lit and colorful.

# Free Health Screenings for Children

Are your children getting their regular screenings and health checks?

Parents, don't miss this **free event**! Bring your children age 18 and younger for health screenings, have some snacks, enjoy some games and activities, and get answers to important health questions.
